Greetings all,

Advancing Opportunities is searching for a Treasurer to serve on our Board of Directors

We are looking for a candidate who has experience with financial planning, oversight, and accountability, including audits. Someone who is looking for a meaningful experience and a desire to share their ideas with the families we work with in Madagascar and maintaining the duties of Treasurer of our Board.

Board Terms & Commitment:

Our Board Members serve for a 3-year term
Board Meets every other month for 1 hour, plus additional committee work
Time commitment is estimated to be 3-5 hours a month

Board Responsibilities:

Attend bi-monthly meetings, actively engage in Board and committee work
Contribute your time and talent to Advancing Opportunities in Madagascar (AOM)
Stay informed about our programs, partnerships, operations, marketing strategies, fundraising activities, and other strategic priorities
Serve as an ambassador for AOM by helping to identify personal connections that can benefit the organization's fundraising capabilities
Engage in learning opportunities to better understand the communities we serve
Listen deeply to our Malagasy partners and allies
Honor our values of self-determination, dignity, respect, and collaboration

Currently we do not have any paid staff in the US and are fully volunteer run. We have had less than 100 transactions this year. We are small but make life changing differences in so many lives. A nearby Malagasy community would like to build a community/teaching and extra classroom center for 15k that would give 100 more students access to an education and a place for parents to meet and help each other. Opportunities are possible !!

40% of our income has been lost due to a major funder closing their doors, we can accomplish so much with so little. Please join us in this exciting adventure that is purpose driven!! We would love to meet you.

Thank you. Below is a brief description of AOM.

WHO WE ARE

Founded in 2000, Advancing Opportunities in Madagascar (AOM), formerly known as Aid to Orphans of Madagascar, is a 501(c)(3) non-profit organization partnering to improve the lives of Malagasy children and their families through programs and initiatives that cultivate hope, opportunity, and self determination.

Our work initially focused on helping children in orphanages. Over the past 26 years, our mission has evolved and now reframes our goals to keep families together by strengthening educational, social, and economic opportunity in order to secure a stronger, more vibrant Madagascar for children and their families.

We both build programs and partnerships with existing Madagascar-based organizations to establish holistic community support including education, savings groups, medical support, job training, and counseling.

We partner with local leaders to fortify the self-determination of Malagasy families. Annually, our programs serve over 700 children and their families.

AOM is headquartered in Bozeman, Montana (USA) and Antsirabe, Madagascar. Our center in Madagascar hosts classrooms, a sewing center, community meeting spaces, and administrative offices. Our Montana office is virtual. Our staff and volunteers are recognized community leaders who are invested in the long-term evolution of AOM and a deep commitment to positive, Malagasy-led social change
